Project No. 7

**+GF+** "Adding Quality to People's Lives"

- The construction of a water supply line has given the 1,500 residents and the hospital in the village of Digodigo access to clean water
- „With the clean water we can give people better care at the hospital“

Dr. Frank Lisso, physician at the hospital Digodigo

-  took over the local project support function in 2003
