

# Bangladesh

Project No. 14

**+GF+** "Adding Quality to People's Lives"

- A new water supply and purification system supplies clean water to approximately 80,000 residents in 121 villages in the impoverished districts of Rajbari and Faridpur
- „Now that clean water is available, we can finally prevent the slow death caused by arsenic poisoning“  
Safia Begum, arsenic tester from the village of Habashpur
- Schweizerisches Rotes Kreuz  took over the local project support function in 2003
