

Sri Lanka

Project No. 20

+GF+ "Adding Quality to People's Lives"

- The exceedingly needy village of Attanakadawala, which has approximately 5,000 residents is getting a new water supply system and sanitation systems
- „As a result of the construction of public latrines, everybody now has access to sanitation facilities, the village is getting cleaner and hygiene is improving“

Teacher at the school in Attanakadawala

-  took over the local project support function in 2003
