

India (Sikkim)

Project No. 28

+GF+ "Adding Quality to People's Lives"

- As a result of the installation of rainwater collection systems on school roofs in Sikkim, the people in the surrounding area now have a reliable year-round water supply
- „This water project has triggered a surge in development in the water-poor south“
Minister of Rural Development Sikkim
- *Barefoot College* will take over the local project support function in 2004
