Project No. 29

+GF+ “Adding Quality to People’s Lives”

- 77 families in the poor areas near Capanema will now have clean running water in their homes. This will reduce the prevalence of diseases caused by contaminated water
- „The GF water project will provide a livelihood for small scale entrepreneurs in the Capanema area“

Beat Grüninger, Business meets social development (BSD)

-  took over the local project support function in 2004
